

KPAI Scholarship Program

Ladies, gentlemen and distinguished guests! I am honored to serve as chairperson of the KPAI scholarship program. This program was conceived, initiated and executed by President Joseph Yoon in order to commemorate the 30th Anniversary of the KPAI.

Back in early September, President Yoon nominated six former presidents of the KPAI as a member of the KPAI scholarship program committee and I was elected as the first chairperson. They are:

Byong Kwon Cho	12 th president
Kyu Yearl Choe	28 th President
Tae Young Han	18 th president
Kwang Kuk Koh	6 th president
Soon Kwan Kwon	10 th president
Yong-II Kwon	7 th president

The KPAI scholarship program is a very important initiative for the KPAI community, because it will provide college-bound Korean American students with financial assistance for cultivating leadership in our society.

Upon tremendous support from many individuals and industry this year, we have selected two students for \$1000 each after careful review of applications following strict guidelines developed by the committee. They are:

Adam Chung	Troy High School
Amber Young	Milford High School

With overwhelming success of the program this year and continuing effort for fund raising, we can expand our program for more students next year.

Thank you.
