### 1. New KPAI Web

The new KPAI web has been up and running for a little more than a month now without too much issues. I like to give my thanks to those of you who gave us some good comments. Also special thanks go to Nam Hyo Kim, KPAI webmaster, who has built and maintained the website. **If you have not done so, please visit [www.kpai.org](http://www.kpai.org) to register.** This is very important since we are planning to use the KPAI web for the voting for the 2008/09 staff. Click Sign up button and add your information. Use the name registered in the KPAI for identification. Leave blank for ICQ. Click 회원가입 button and the webmaster will give you an authorization notice in 1-2 days after you are identified as a KPAI member.

### 5. UKC 2008

I like to tell you about the UKC 2008 (US-Korea Conference) organized by KSEA (Korean-American Scientists and Engineers Association). The UKC has been held for many years but the coming UKC 2008 will be the first one to include the new session titled, 'Automotive Science and Technology.' This new session is being organized by many KPAI members as you can see in the attached preliminary Call For Paper (CFP AUT to BOD). This opens a very good opportunity for KPAI and its members to demonstrate its professionalism in automotive technical fields. I encourage all members' participation. The Conference will be held as follows.

When: August 14-16 (Thu-Sat), 2008

Where: Town and Country Hotel, San Diego, CA

Also you can find a full brochure on the UKC 2007 in the following website.
